Author: Anya Seton

Any Seton's *Foxfire* makes the desert Southwest of the Great Depression come alive in all its rich strangeness and passion-filled glory. Amanda Lawrence, a charming, sheltered New York socialite, falls in love with Jonathan Dartland, a part-Apache mining engineer who belongs to the vastness of the Arizona desert. Amanda responds to his strength and self-reliance, but has nothing and nobody to guide her when she follows him to the grim town of Lodestone. "Not many authors succeed so well as Mrs. Seton in combining adventure and romance in a modern setting. Above all it is the driving and relentless pursuit of a treasure which keeps the people and the episodes at pitch throughout." —Library Journal
